

Wyoming Compliance Advisory Panel – September 15, 2013

Meeting called to order at 9:30 AM – present members: Landon Brown (DEQ), Brian Lovett (DEQ), Tina Anderson (DEQ), Jon Walker (DEQ), Paul Larson, Matt Grant, Ernie Skretteburg, and Richard Garrett.

- Meeting started with a presentation on Engine Testing from Jon Walker DEQ/AQD. Presentation is available for download at DEQ CAP website.
- Landon Brown advised CAP of ongoing projects that he is taking on. At this point Landon has started Salvage Yard Outreach in which he has completed 11 visits so far with 15 more planned by the end of September.
- Landon has also been appointed to the National Steering Committee for the National Small Business Technical Assistance Program. This program has asked for input from local CAPs. Landon asked for input and gave all members the information needed to provide input to take to NSC.
- Landon Brown has been elected to the National Pollution Prevention Roundtable board of Directors. He will serve a 3 year term and will continue to provide information on P2 practices to the CAP.

- Landon is working with St. John's Medical Center as well as Memorial Hospital of Converse County to reduce Pollution with P2 audits.

These audits and implementations will be funded through a Source Reduction Assistance Grant. These are expected to be completed by August 2014.

- Tina Anderson provided air quality updates to the CAP. These updates included Hospital Incinerators rules that have been updated, Rules adoptions that were heard before the Environmental Quality Council, and non-attainment area rules that have been promulgated. Tina also advised the CAP that there is an Air Quality Advisory Board meeting on September 24 at 1 PM in Rock Springs. Tina also provided minimal SIP vs. FIP updates from AQD's perspective. Tina also mentioned an SO₂ rule that is being promulgated at this point and should be ready for public comment in the near future.
- Ernie raised a housekeeping issue during return from break. Ernie raised his concern for the loss of Paul Larson as a valuable member to the CAP. Brian advised Paul and Ernie that we have determined there are no term limits and they are welcome to put their names in for consideration to be reappointed to this committee.

- Landon Brown provided a quick update on a SMB venture that has seen assistance from DEQ. Tires to Fuel program has been in contact with DEQ and is in the process of obtaining their permits needed to operate.
- Landon Brown provided a handout of two different rules that can be considered for open burning restrictions to municipalities throughout the state. This was a follow-up from input provided from the last meeting. After a small discussion, CAP members were provided both packets to discuss and bring their opinion to take to Wyoming Association of Municipalities.
- Meeting time and rough estimate of dates were discussed for future meeting. Before holidays is expected to be the next CAP meeting.
- Matt Grant provided a brief update on industry's position on the current situation with the SIP vs. FIP with the regional haze issue. Matt Grant stated that his company (Dave Johnson Power Plant) is in favor of the State Implementation Plan.

Jeff Wendt, WDEQ AQD, provided some instruction on how compliance is tracked and how inspections are done in the gas and oil fields. The CAP

was allowed to use the FLIR camera and was taken to an active gas field where explanation of equipment was covered.
